Dreamweaver + Adobe Certified - 5 day

Introduction course

Adobe Dreamweaver Web Building Masterclass + Adobe Certified provides novices with the knowledge and hands-on practice they need to build and manage a website. This five-day course puts focus on the building blocks of web creation and covers each and every area required to successfully build and manage your own website. On the last day you will take the Adobe Certified Associate (ACA) entry level certification exam. This course is designed for individuals wishing to learn Dreamweaver and also gain a professional entry level certification from Adobe.

Our pledge
This course is guaranteed to be delivered by an Adobe Certified Instructor from Certitec - our pledge of excellence.

Overview
January - August 2013 - 94% pass-rate achieved throughout the year. Source: Certiport and Certitec.

Who is this course for?
This course is for people new to web design and development, and who want to use Dreamweaver to build intuitive, attractive and accessible websites. This course will also lead to the Adobe Certified Associate (ACA) credentials should you pass the exam on the Friday.

Assumed knowledge
To gain the most from this class, students should be familiar with the web and its terminology.

What you will learn
- Adobe Dreamweaver interface basics
- Creating a website
- Controlling document structure
- Intro to Cascading Style Sheets
- Adding graphics
- Building successful site navigation
- Designing pages with CSS
- Fireworks/Dreamweaver integration
- Creating templates and site maintenance

Level: **Introduction**
Duration: **5 days**
Cost: **£949 +VAT**
